

# YOUR IMPACT

Your support of the Canadian Cancer Society is vital as almost all our funding comes from donations from Canadians like you. Below are just a few examples of how your donations and fundraising support our work:

**\$35**

Cancer doesn't just affect the patient. It affects their entire network of family and friends. Your donation helps give **family caregivers support** from someone who has lived through a similar experience.

**\$50**

Sometimes, simply getting to cancer treatment can be a challenge. Your donation helps provide people with **transportation** to and from their life-saving appointments.\*

**\$75**

**Clinical trials** find new methods for diagnosing, treating, managing and preventing cancer. Your donation will help move research discoveries from the lab to people affected by cancer.

**\$100**

Some people must travel to distant locations for radiation therapy or specialized cancer care. Your donation helps to provide a night's stay at one of our **patient lodges**.\*

**\$250**

Cancer can sometimes spread or metastasize to other places in the body. Your donation will help fund **research** into new treatments with fewer side effects and help connect people with metastatic cancer with others facing the same illness to widen their **support network** and provide information they need to live life to the fullest.

**\$500**

Connecting face-to-face and online with others who are going through or who have gone through a similar experience can be beneficial and life-changing. Your donation will help give Canadians with cancer, including those living in rural and remote communities, the opportunity to connect, get **support**, exchange **information** and find comfort and hope.

**\$1000**

We fund Canada's best and brightest researchers. Your donation will fund **research** for more than 100 types of cancer, giving us a valuable sightline on all aspects of the cancer landscape and allowing us to translate key learnings from one area of focus to another.

\*Across the country, we also offer a range of support programs that vary from province to province. Visit [cancer.ca](http://cancer.ca) or call 1 888-939-3333 to learn more about services available in your area.

# MAKE A DIFFERENCE

**FOR THOSE WITH CANCER**

The Relay For Life is more than a fundraiser. It's an opportunity to help someone go from having cancer to living life with it. To make healthy living easier for people affected by this disease. And a chance to support game-changing research so we can continue making differences in the lives of those affected. Join us at Relay For Life and help us prove that **life is bigger than cancer**.

Make a difference and sign up today at [relayforlife.ca](http://relayforlife.ca)

# BRING YOUR COMMUNITY TOGETHER AT RELAY FOR LIFE

Join us at Relay For Life where you'll walk to raise funds that help the Canadian Cancer Society continue our life-saving work. With 1 in 2 Canadians expected to be diagnosed with cancer in their lifetime, our goal is to help those affected by cancer live longer and improve their quality of life. Together we can make an impact. Because of supporters like you:

 **SINCE 1947**  
WE ARE THE ONLY ORGANIZATION  
TO FOCUS ON OVER  
**100 TYPES OF CANCER**

CANCER.CA IS ONE OF THE  
**TOP 10 WEBSITES**  
IN THE WORLD IN THE HEALTH/CONDITIONS  
AND DISEASE CATEGORY 

 NEARLY **250,000 PEOPLE** ACCESSED  
PROGRAMS AND SERVICES THAT HELP THOSE WITH CANCER  
AND THEIR FAMILIES WHEN THEY'RE UNSURE OR ANXIOUS

**80 HOSPITALS** AND CANCER CENTRES  
ACROSS CANADA ARE HOME TO CCS-FUNDED CLINICAL TRIALS  
WHICH MOVE RESEARCH DISCOVERIES FROM THE LAB  
TO PEOPLE WITH CANCER 

 WE HAVE CAMPAIGNED FOR EXPANDED HPV VACCINATION  
PROGRAMS RESULTING IN MORE CHILDREN WITH ACCESS TO  
**CANCER-PREVENTING VACCINES**

WE **ADVOCATED** FOR THE  
GOVERNMENT TO EXTEND FEDERAL EMPLOYMENT  
INSURANCE BENEFITS FOR THOSE WHO NEED TO TAKE  
TIME OFF WORK TO CARE FOR CRITICALLY ILL CHILDREN  
OR FAMILY MEMBERS. 

## WHY WE RELAY

Each dollar raised will bring us one step closer to showing that life is bigger than cancer.

**To fund Canada's most promising cancer research and save more lives.**

Today, about 60% of Canadians diagnosed with cancer will survive at least 5 years after their diagnosis. But survival for some cancers is much higher, such as breast (87%), prostate (95%), thyroid (98%) and testicular (96%). Also, childhood cancer survival is 83%.

**Stop cancer before it starts.**

Our researchers are working to prevent cancer while we promote healthy lifestyles. We advocate for policies that protect our health and support people who have cancer, as well as their caregivers.

**Ensure that no one has to face cancer alone.**

We offer compassionate and personalized services to those diagnosed with cancer, as well as supporting their families and friends. We are here to help answer questions about treatment, diagnosis, care and more.
