RELAY FOR LIFE
Canadian Cancer Society

# Bring your school together to Relay For Life!

## What is Relay For Life?

Relay For Life is a party with a purpose and your school's chance to come together to fight cancer and save lives! It's a unique program for students to lead and create a fun, active event for the entire school, with the support of teachers and staff. You will have the chance to plan an amazing event that could include live music, DJs, games, sports and other activities to keep fellow students engaged and active throughout the event. But most importantly, students will form relay teams to fundraise and take turns walking or running around your school's track, passing the baton to teammates to achieve personal or team distance goals, and connect with others in this emotionally inspiring event.

Relay For Life empowers students with valuable life skills, leadership skills, and builds school spirit while uniting students across all groups with one common goal – to make a real impact in the fight against cancer.

Since 2002, over 500+ schools across Canada have organized over **1400 Relay For Life events**. Their collective efforts have generated over **$30 million** in support of the Canadian Cancer Society.

# Why should my school join Relay?

- **To make a difference.** You will go the distance to help fund Canada's most promising cancer research and support cancer patients living in your community by helping to fund vital cancer support services.
- **To become leaders.** Relay For Life committee members receive leadership training and support from our dedicated team of Relay For Life Youth Specialists.
- **To unite your school.** Students from all groups within your school will unite through Relay For Life, a life-changing experience you'll never forget!
- **To have a blast!** Not only will you be making an impact in the fight against cancer, Relay For Life is FUN! Have a party with a purpose with all of your friends, and make some new ones, too.

# What impact will I make through Relay For Life?

**You and your school will be empowered to make an impact in the fight against cancer by raising money to:**

- Fund Canada's most promising and ground-breaking research against all cancers.
- Make a difference in your community by helping those living with cancer get to life-saving treatment appointments and providing access to other key support programs.
- Help raise awareness about the information, support services, prevention, research, and advocacy work led by the Canadian Cancer Society.

Every dollar your school raises through Relay For Life helps the Canadian Cancer Society have more impact, against more cancers, than any other cancer charity in Canada.
