

## Fact Sheet

### **About Girls Night In**

In 2009, an estimated 12,050 women in Ontario are expected to be diagnosed with breast, uterine, ovarian and cervical cancers. The *Girls Night In* fundraising program from the Canadian Cancer Society in Ontario aims to reduce this number by funding leading-edge research and creating awareness about cancers\* that affect women.

*Girls Night In* is a fun and easy way to support research into cancers that affect women that's flexible enough to fit anyone's busy schedule or lifestyle. The concept is simple. *Girls Night In* raises money by asking women to host any kind of get-together with their girlfriends and to ask their guests to donate the amount they would have spent for a night out on dinner, movie tickets or taxis to support research into cancers that affect women.

For more information on *Girls Night In* or to register an event, please visit **[www.GirlsNightInForCancer.ca](http://www.GirlsNightInForCancer.ca)**. It's quick, easy and secure.

### **The GirlsNightInForCancer.ca site features:**
